ICT for Education Summit 2012

26-27 January, Victoria Falls

E-LEARNING & EDUCATIONAL MANAGEMENT

Mr Suhas Gopinath
President & CEO, Global ITeS

educube

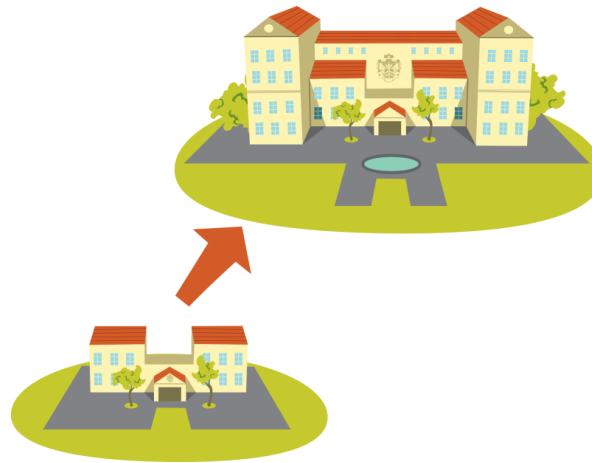

*The ICT systems and tools presently used in
Education Management do not support or reflect the
complex multirole ecosystem
that a school inherently is.*

The 3 Crucial Features of an Education Management System

**COMPATIBLE WITH
EXISTING
INFRASTRUCTURE**

SCALABLE

**FACILITATES
COLLABORATION**

Example 1

Example 2

Introducing an ERP (Enterprise Resource Planning) system into the Education Industry centralizes data, speeden up the process and increases collaboration.

ERP in the Education System

TEACHERS

- o Update attendance in one click
- o Conduct Online Tests
- o Automatic Report Card Generation
- o Communicate with parents
- o Access Lesson Plans

ADMINISTRATION

- o Maintain Academic and Financial Data centrally
- o Access Data anytime
- o Access reports with graphs

HEADMASTER

- o Issue Notice Board events online
- o Monitor teacher effectiveness
- o Access reports with graphs

FINANCE

- o Manage Admission, Library, Transport and Inventory information
- o Manage Payroll and accounts data

MANAGEMENT

- o Access School data anytime
- o Access reports with graphs
- o Monitor School progress
- o Monitor teacher and process effectiveness

Benefits and ROI

Anywhere and anytime access to data for all stakeholders

Easy to update data and records

Quick and streamlined flow of information

Increased transparency

Better utilization of resources

Increased productivity

ERP is **scalable** across the enterprise.

Involves **low cost** can be integrated into existing school infrastructure

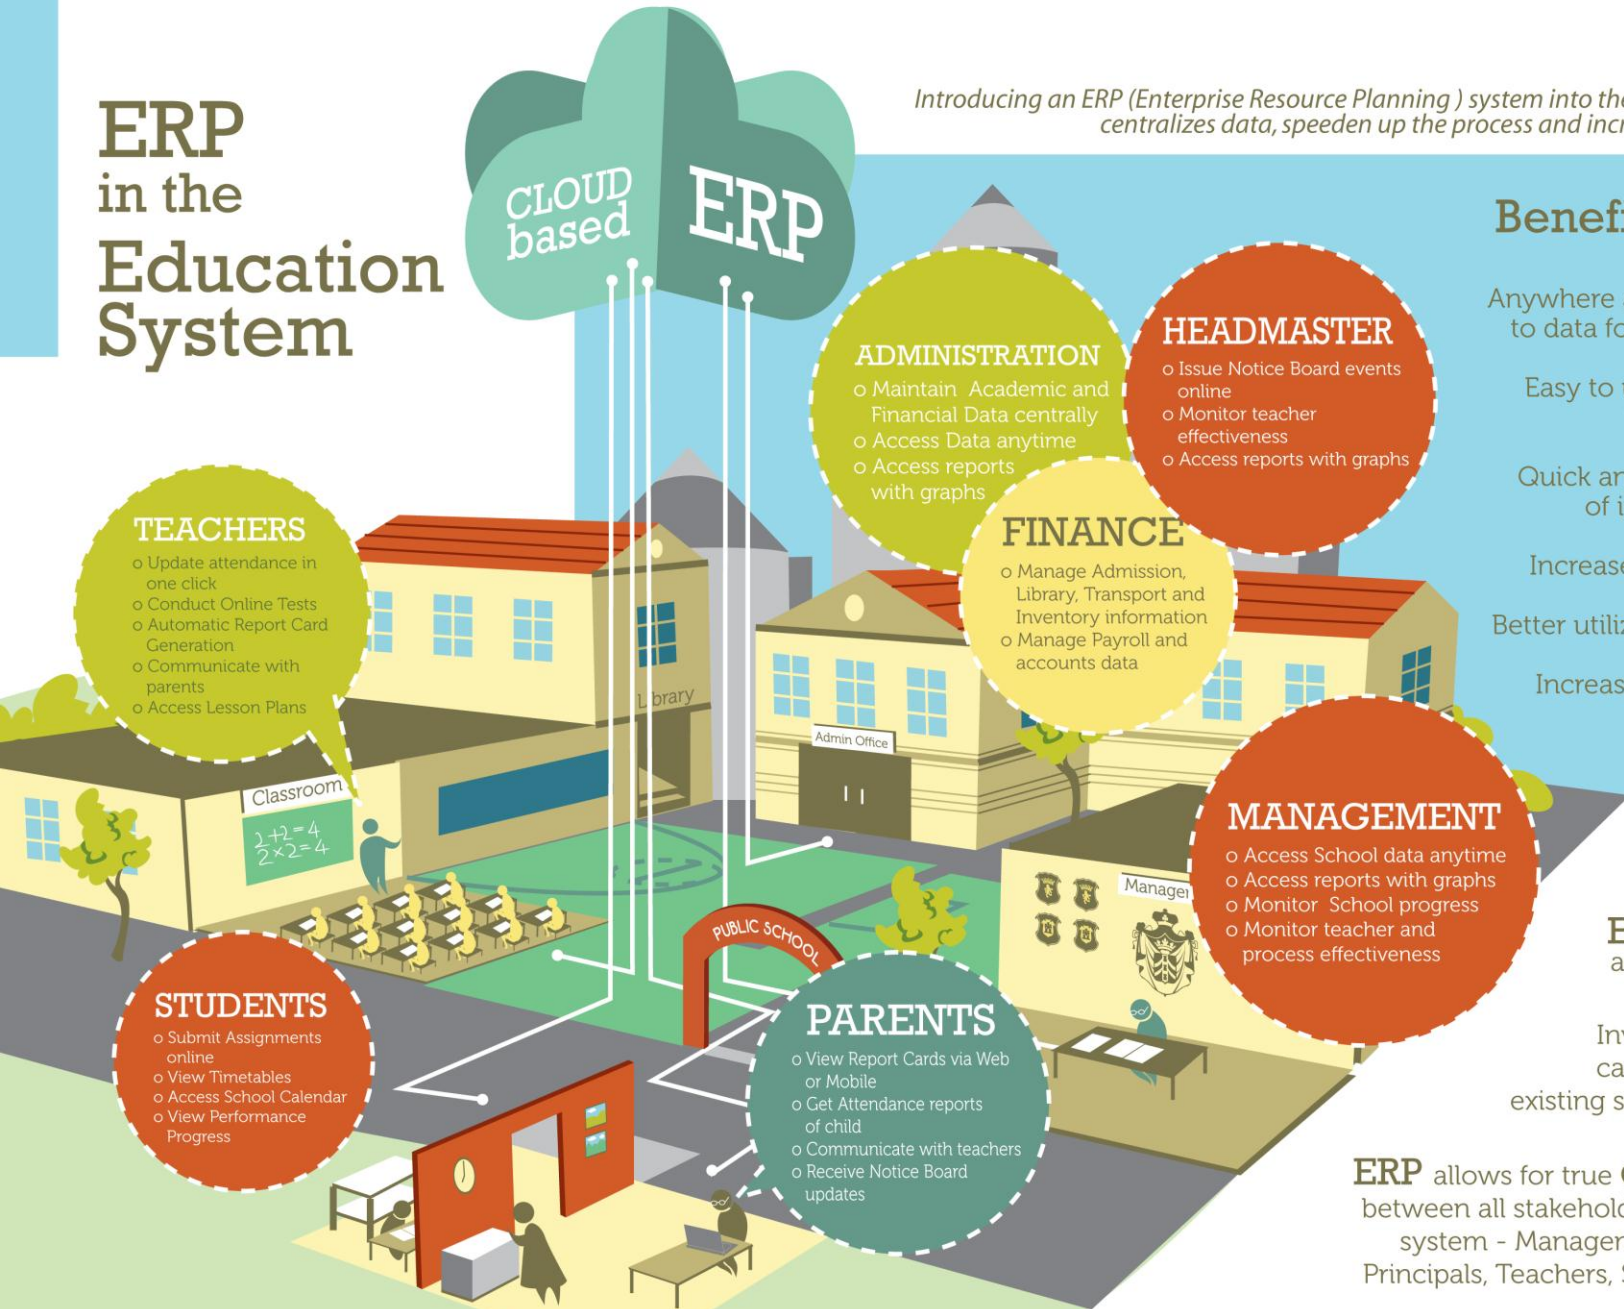

ERP allows for true **collaboration** between all stakeholders of the education system - Management, Administration, Principals, Teachers, Students and Parents

STUDENTS

- o Submit Assignments online
- o View Timetables
- o Access School Calendar
- o View Performance Progress

PARENTS

- o View Report Cards via Web or Mobile
- o Get Attendance reports of child
- o Communicate with teachers
- o Receive Notice Board updates

The New Challenges

- Quality
- Resources
- Implementation
- Tracking
