Introducing Innovation Africa

Innovating for Education & Development

- Innovation Africa follows on from the ICT for Education Summit in Victoria Falls
- The summit is built on pre-scheduled meetings to establish greater public private partnerships in education, science & research in sub-saharan Africa
- Innovation will focus on uniqueness, transformation and the realisation of advances in technology
- Africa's leading decision makers and thought leaders will join together in a program for developing e-skills, the knowledge economy, communications, multi-stakeholder partnerships, research and technology transfers
